

Altura Commercial 1 Height Adjustable Desk

Code: GOPNA-ALT2RBK

Specification Highlight:

The Altura Commercial 1 Height Adjustable Desk is engineered for commercial use, delivering exceptional strength and reliability. Its **dual motor system** ensures smooth, quiet height adjustments, with a robust frame and reinforced leg columns that provide a **120kg loading capacity**, making it ideal for demanding work environments. The desk offers a **700mm to 1200mm height adjustment range**, accommodating both seated and standing preferences. A **digital control panel with 3 memory functions** allows users to save their preferred heights for quick transitions. Supporting **desktops up to 2000mm in length**, the Altura Commercial Height Adjustable Desk is a versatile solution, combining durability, functionality, and modern design to elevate any professional workspace.
